

The Amazing Spider-Man #6 (Marvel, 1963) Marvel Silver Age Hero Comic #88.

First appearance of the Lizard (Dr. Curtis Connors), art rendered by Steve Ditko.

#10 most valuable 1st appearance 1963 silver age Marvel comic. Print run estimate: 175,000 copies.

The Lizard (a.k.a. Curt Connors) is a fictional supervillain that appears in the Marvel Comics Universe. He is an enemy of Spider-Man. In 2009, the Lizard was named IGN's 62nd Greatest Comic Villain of All Time. In the stories, Dr. Connors was a genetic biologist who researched the ability of certain reptiles to regrow missing limbs, partially to find a way to regenerate his right arm. After a test on himself, he transforms into a violent lizard monster. Though able to revert to his human form, he suffers occasional fits of his alter ego breaking free. Curt Connors was played by Dylan Baker in Spider-Man 2 and Spider-Man 3. Rhys Ifans played Dr. Curtis Connors and his Lizard alter ego as the main antagonist in the 2012 film The Amazing Spider-Man. Curtis "Curt" Connors was born in Coral Gables, Florida. He was a gifted surgeon who enlisted in the U.S. Army. He performed emergency battlefield surgery on wounded GIs. However his right arm was terribly injured in a wartime blast, resulting in its amputation. After his return to civilian life as a research technologist, Connors became obsessed with uncovering the secrets of reptilian limb regeneration. Working from his home in the Florida Everglades with the help of war buddy Ted Sallis, he finally developed an experimental serum taken from reptilian DNA. The serum successfully regrew the missing limb of a rabbit, so then Connors chose to test the serum on himself. He ingested the formula and his missing arm did indeed grow back.
