

X-Men #4 (Marvel, 1964) Marvel Silver Age Hero Comic #128. You could argue that this is the most significant and collectible original X-Men issue behind only #1. First appearances of two longtime Marvel villains-turned-heroes in Quicksilver and the Scarlet Witch, as well as Mastermind who would become quite important in later years... heck, even the Toad made it into the X-Men movie. This group joined Magneto to form the Brotherhood of Evil Mutants here. Jack Kirby's classic cover art.

#4 most valuable 1st appearance 1964 silver age Marvel comic. Print run estimate: 200,000 copies.

The Scarlet Witch (Wanda Maximoff) is a fictional superhero appearing in American comic books published by Marvel Comics. The character first appeared in X-Men #4 (March 1964) and was created by Stan Lee and Jack Kirby. The character has since starred in two self-titled limited series with husband the Vision and appears as a regular team member in superhero title the Avengers. Scarlet Witch is a mutant, born with the ability to alter reality in unspecific ways. Historically, she is the twin sister of Quicksilver as well as the daughter of Magneto and the paternal half-sister of Polaris. However, she and her twin brother were later retconned, in Uncanny Avengers #4, to be the children of Django and Marya Maximoff who were kidnapped and experimented on by the High Evolutionary. After a failed experimentation that gave Wanda her power, the High Evolutionary returned them to their parents and grew up believing that they are common mutants. The character was ranked 97th in Wizard's "200 Greatest Comic Book Characters of All Time" list and 14th in Comics Buyer's Guide's "100 Sexiest Women in Comics" list. The character has also appeared in other Marvel-endorsed products such as animated films; arcade and video games; television series and merchandise such as action figures and trading cards. Elizabeth Olsen portrays the Scarlet Witch in a mid-credits scene in the Marvel Studios film Captain America: The Winter Soldier and in Avengers: Age of Ultron, and will reprise the role in the 2016 film Captain America: Civil War as a part of the Marvel Cinematic Universe. Quicksilver (Pietro Maximoff) is a fictional superhero appearing in comic books published by Marvel Comics. The character first appears in X-Men #4 (March 1964) and was created by Stan Lee and Jack Kirby. He is the twin brother of the Scarlet Witch and the son of Magneto as well as the paternal half-brother of Polaris. However, he and his twin sister were later retconned, in Uncanny Avengers #4, to be the children of Django and Marya Maximoff who were kidnapped and experimented by the High Evolutionary. After a failed experimentation that gave Pietro his power, the High Evolutionary returned them to their parents and they then grew up believing that they were common mutants. Debuting in the Silver Age of comic books, Quicksilver has featured in several decades of Marvel continuity, starring in the self-titled series Quicksilver and as a regular team member in superhero title the Avengers. The character has also appeared in other Marvel-related media and merchandise. In 2006, IGN named Quicksilver #23 on their list of "The Top 25 X-Men Of All Time" commenting that "Quicksilver was the shining example of a villain turned good.
